**3. Matters arising**

There were no matters arising.

**4. Swainswick Church – Application for Heritage Lottery Money**

A document outlining the proposed changes to the church interior had been previously circulated and S Watson explained the plans in more detail. As the church is regularly used for a variety of social functions a number of the 20<sup>th</sup> century pews would be removed creating space towards the rear of the church. The older box pews would remain. The Bath Museum of Architecture is involved and work is underway to promote awareness of the structure and history of the church. From an historical point of view much emphasis will be placed on the presence of John Wood's and family members interment stone. The Diocese have been consulted on the plans and approval is expected. There have been very few objections raised and Swainswick Parish Council fully supports these proposals.

S Watson left the meeting at the end of this discussion (19.55pm)
